

BASIC COVERAGE (VALUATION)

This is often called limited liability and is the minimum coverage required by law. This coverage is included in the base price & in any estimated price. It is the most economical option available, however your goods are covered to no more than 60 cents per pound per article. Loss or damage claims are settled based on the pound weight of the article multiplied by 60 cents.

- 60 cents per pound per item. Up to \$1,000.00 in total coverage.
- If an item is damaged beyond repair, it is covered up to 60 cents per pound. For example: a 100 lb. item (dresser, end table, etc.) that is damaged beyond repair we will make a cash settlement for that item.
- 100 lb. dresser X .60 = \$60.00 settlement.

FULL REPLACEMENT COVERAGE PLAN

The chart below is the option often referred to as Full Replacement Value or Full Coverage. With this plan any goods lost, damaged, or destroyed during the move will be either repaired, replaced or a cash settlement made at the mover's discretion. This is the most comprehensive coverage plan available for the protection of your goods while in transit. Costs vary depending on the coverage amount requested, however by choosing a higher deductible you may be able to reduce the cost.
